(219) 613-1426  
[github.com/KGombos45](https://github.com/KGombos45)

## Objective:

I am a Software Engineer with 2+ years of experience with full-stack web development with AngularJS, .NET Core, C# and Microsoft SQL Server. Most of my experience is front-end and therefore I am looking to branch into front-end development and work alongside experienced developers and designers to continue to refine and build upon my current array of skill sets.

## Education:

DePaul University  
*Masters of Information Systems and Database Management*

Chicago, IL  
Graduation: June 2021

DePaul University  
*Bachelors of Liberal Arts and Social Sciences*  
Majors in Philosophy and Political Science  
Concentration in Greek Philosophy, Logic, and Foreign Affairs

Chicago, IL  
Graduated: June 2016

## Experience:

<i>Software Engineer</i>	<i>United Healthcare/Optum Tech Indianapolis, IN</i>	<i>Jan 2019 – Present</i>
--------------------------	--	---------------------------

- Helped rebuild the front-end/UI of UHOne.com and assisted the conversion from Sitecore to Adobe Experience Manager (AEM).
- Implemented modern UI enhancements to UHOne.com/shop working alongside our UI/UX designer.
- Extensive work with AngularJS, .NET Core, and Microsoft SQL Server.
- Experience working with RESTful web API's and large datasets.
- Assisted with the implementation of newly configured microservices.
- Worked with large and small dev teams in an Agile software development lifecycle.

<i>Quality Control Analyst</i>	<i>Wintrust Financial Chicago, IL</i>	<i>May 2018 – Jan 2019</i>
--------------------------------	---	----------------------------

- Assisted with the development of more efficient BIC reports (SAP/SQL) – leading to a more efficient QC process.
- Audited the work of bankers for completeness and adherence to federal banking regulations.
- Performed complete oversight over two chartered Wintrust affiliate banks – old and new customer accounts.
- Provided IT support.
