Objective:

I am an Associate Software Engineer with 2+ years of experience with full-stack web development with AngularJS, ASP.NET Core, and Microsoft SQL Server. I am looking to branch into front-end development and work alongside experienced developers and designers to continue to refine and build upon my current array of skill sets.

Education:

DePaul University   *Chicago, IL*
Masters of Information Systems and Database Management   Graduation: June 2021

DePaul University   *Chicago, IL*
Bachelors of Liberal Arts and Social Sciences   Graduated: June 2016
Majors in Philosophy and Political Science
Concentration in Greek Philosophy, Logic, and Foreign Affairs

Experience:

Associate Software Engineer   United Healthcare/Optum Tech   *Jan 2019 – Present*
                                                              Indianapolis, IN

- Helped rebuild the front-end/UI of UHOne.com and assisted the conversion from Sitecore to Adobe Experience Manager (AEM).
- Implemented modern UI enhancements to UHOne.com/shop.
- Worked with AngularJS, ASP.NET Core, and Microsoft SQL Server.
- Extensive work with RESTful web API's and large datasets.
- Assisted with the implementation of newly configured microservices.
- Worked with large and small dev teams in an Agile software development lifecycle.

Quality Control Analyst   Wintrust Financial   *May 2018 – Jan 2019*
                                                Chicago, IL

- Assisted with the development of more efficient BIC reports (SAP/SQL) – leading to a more efficient QC process.
- Audited the work of bankers for completeness and adherence to federal banking regulations. -
- Performed complete oversight over two chartered Wintrust affiliate banks – old and new customer accounts.
- Provided IT support.
